

TERMS OF REFERENCE OF THE TAC SUBGROUP TO REVIEW THE BC OPTIONAL PROGRAMME (2022)

Adopted by the Committee at its 54th session (October 2022)

- a) To assess the usefulness of the current BC analysis and forecast system and investigate possible improvements;
- b) In particular, to evaluate the usefulness of the ENS configuration providing BCs for LAM-EPS and human resource requirements funded by the Programme participants;
- c) To formulate recommendations on the future development of the BC Optional Programme and modifications to the programme guideline
